Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Saturday 03 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry and bright, far north cloudy.

Today:
Most of Scotland dry with some sunshine, and becoming pleasantly warm. Cloudier across the Northern and Western Isles with a little light rain over Shetland later.

Tonight:
Most places dry this evening with some late sunshine. Much of Scotland dry and clear overnight, some frost and fog. Clouding over across the far west.

Sunday:
Mostly dry in the morning, some brightness in the east. Clouding over in the afternoon with a little rain spreading southeast for a time. Wintry showers following on across north.

Outlook for Monday to Wednesday:
Cold, bright with frequent snow or hail showers in the north, and along exposed coastal districts elsewhere. Central, southern areas often dry. Chance of some widespread rain or snow Wednesday.
